Owners

Welcome to SoPoly, your premier destination for sustainable and stylish outdoor furniture. We are a passionate team of professionals dedicated to crafting top-tier, eco-friendly products that not only exude style but also contribute positively to the environment. We proudly utilize poly lumber, a revolutionary material that epitomizes our commitment to sustainability. Engineered from recycled plastic, we are diverting tons of post-consumer waste from landfills and oceans. This eco-conscious choice not only minimizes environmental impact but also ensures that each piece of furniture embodies our dedication to responsible sourcing.

Manufactured in Eastman, GA U.S.A

SoPoly Outdoor Furniture, based in Eastman, Georgia, USA, is renowned for its exceptional range of outdoor furniture and commercial products. As a distinguished member of the “Georgia Made” program, the company exemplifies the highest standards in manufacturing and design, underscoring its commitment to local production and quality craftsmanship.

SoPoly’s recognition as the “Best in Georgia” in the furniture category is a testament to their excellence in design, quality, and customer satisfaction. This accolade reflects their position as a leader in the outdoor furniture industry within Georgia, setting benchmarks for quality and innovation.

What sets SoPoly apart is their innovative approach to outdoor furniture. They specialize in creating durable, weather-resistant, and environmentally friendly products. The use of high-quality recycled materials in their manufacturing process not only enhances the longevity and durability of the furniture but also aligns with contemporary eco-friendly practices, making their products a preferred choice for environmentally conscious consumers.

Sustainability at SoPoly

At SoPoly, we take immense pride in our unwavering commitment to sustainability and innovation. Our unique approach to crafting outdoor furniture revolves around the extrusion of our own lumber from recycled plastics. This process involves the transformation of post-consumer plastic materials into durable, top-tier lumber that forms the core of our furniture pieces.

What sets our lumber apart is its exceptional density, weight, and overall quality. This heightened density ensures unparalleled strength and durability, promising resilience and longevity for our furniture. By harnessing the potential of recycled plastics, we not only champion waste reduction but also present a product that surpasses industry standards in weight, density, comfort, and overall excellence.

SoPoly Colors

Explore Color

From the white sands of Destin beach to the vibrant hues of Gulf Shores teal water, our poly lumber boasts a captivating array of options. These Southeastern inspired colors are created with UV-inhibiting technology and can withstand the harshest weather conditions without fading.

Key Lime

Custom Two-Tone Furniture

SoPoly redefines furniture personalization by offering a unique choice for creating custom two-tone furniture. This innovative approach allows customers to select any two standard colors, with the first color serving as the primary base, and the second color accentuating specific elements like tops or slats, adding a complementary hue.

Why SoPoly?

Customized Furniture

Whether you're outfitting a restaurant patio, a public park, or a corporate outdoor space, SoPoly can provide furniture that meets specific design and functional requirements. Our ability to customize products through engraving, colors, and design allows for a cohesive look that aligns with your brand identity or project theme.

Long-Term Cost Savings

The initial investment in SoPoly furniture is offset by its longevity and minimal maintenance needs. This translates to significant cost savings over time, as the need for frequent replacements or repairs is drastically reduced.

Durability for High-Traffic Areas

SoPoly's products are designed to withstand the rigors of high-traffic commercial environments. Made from high-quality, commercial-grade poly lumber, our furniture is resistant

to wear and tear, weather conditions, and frequent use, making it an ideal choice for spaces that see a lot of activity.

Outdoor Entertainment & Comfort

Beyond just furniture, SoPoly can enhance outdoor spaces with games and leisure products, making your commercial space more inviting and engaging for guests or employees. This can improve the overall experience

and encourage longer visits or more frequent use of the space.

Pickle & Social

SoPoly joins forces with Pickle and Social for a game changing experience!

As outdoor entertainment spaces continue to evolve, the demand for innovative and durable furniture rises. SoPoly, a leading manufacturer of eco-friendly outdoor furniture, has recently taken this challenge head-on by outfitting Pickle and Social's newest facility. This collaboration has resulted in an impressive array of custom-designed furniture and game sets, perfectly tailored to enhance the fun and social atmosphere of Pickle and Social's vibrant venue.

Understanding the importance of entertainment in outdoor spaces, SoPoly equipped the facility with a variety of outdoor games and furniture that's not just functional

but also contribute to the overall ambiance and experience of a venue. Cornhole boards and tumbling towers, both popular

among patrons of all ages, are now part of the venue's attractions. These games are made with high-quality, weather-resistant materials, ensuring they can be enjoyed year-round.

This collaboration between SoPoly and Pickle and Social is a perfect example of how functional design and environmental responsibility can come together to create amazing social spaces. SoPoly's ability to provide custom solutions that align with the unique needs of Pickle and Social demonstrates their versatility and commitment to customer satisfaction.

As outdoor entertainment venues continue to grow in popularity, SoPoly stands out as a provider of choice for those seeking quality, sustainability, and style. Their work with Pickle and Social is a testament to their expertise in creating outdoor spaces.

“SoPoly Furniture: The Ideal Splash-Proof Solution for Water parks!”

SoPoly furniture is exceptionally well-suited for water parks, due to its unique combination of durability, weather resistance, and eco-friendly commercial

grade poly lumber. This makes our product sustainable all year long, especially in high traffic areas.
